

SAGE'S MILLIONS TO BETTER SOCIETY

Vast Sum Set Aside for Improving Conditions.

VICE IS TO BE STUDIED

Agencies and Institutions to Be Established in Nation.

Means to End of Uplifting Conditions Include Research, Publication, and Maintenance of Charitable and Beneficial Activities—To Be Known as "Sage Foundation," Incorporated by Assembly.

Albany, March 12.—Mrs. Russell Sage has set aside \$10,000,000 to be known as the Sage Foundation, which is incorporated in a bill introduced by Senator George B. Agnew and Assemblyman Ezra Prentiss. The trustees of the foundation are Robert W. De Forest, Cleveland H. Dodge, Daniel C. Gilman, John M. Glenn, Miss Helen Gould, Mrs. William B. Rice, and Miss Louisa L. Schuyler.

Mrs. Sage, through her attorney, R. W. De Forest, makes the following statement concerning the foundation:

"I have set aside \$10,000,000 for the purpose of establishing a foundation. Its object is to be the improvement of social and living conditions in the United States.

"The means to that end will include research, publication, education, the establishment and maintenance of charitable and beneficial activities, agencies, and institutions, and the aid of any such activities, agencies, and institutions already established.

"It will be within the scope of such a foundation to investigate and study the causes of adverse social conditions, including ignorance, poverty, and vice, to suggest how these conditions can be remedied or ameliorated, and to put in operation any appropriate means to that end.

"Will Aid Other Agencies.

"It will also be within the scope of such a foundation to establish any new agency necessary to carry out any of its conclusions, and equally to contribute to the resources of any existing agencies which are doing efficient and satisfactory work, just as the present general education fund, organized to promote higher education, is adding existing colleges and universities.

"While its scope is broad, it should, preferably, not undertake to do in that scope what is now being effectively done by other individuals, or by other agencies with less resources and more capacity to take up the larger and more difficult problems, and to take them up, so far as possible, in such a manner as to secure co-operation and aid in their solution. In some instances it may wisely initiate movements with the expectation of having them maintain themselves unaided after being started.

CHRISTIAN SCIENCE BARRED.

Delaware Legislature Prohibits Healing by Faith.

Dover, Del., March 12.—Christian Science healing and faith-cure treatment in lieu of physicians were barred from Delaware by a decisive vote today. The bill, which passed the house a fortnight ago, came up in the senate today for final passage into law, and to be fair, after all the hearings that have taken place before the committee, the senate opened its doors and allowed each scientist and medical doctor a half hour. Walter S. Taylor, a Wilmington lumber merchant, introduced their speakers, the principal one of whom was W. M. Gardiner, a New York City lawyer, lately espousing the cause of Christian Science. Senator Thomas C. Moore rounded up his vote in the senate and then led the fight for the doctors.

He is a practicing physician in Smyrna, but admitted that he had laid aside all night reading "Science and Health," trying to be fair, but could not get out of his mind persons he had seen die because of their reliance upon Christian Science treatment.

The vote on the bill was: Yeas, 14; nays, 8. Not voting, 2.

WANT DISORDERS STOPPED.

Louisville Business Men Demand Operation of the Car Lines.

Louisville, March 12.—The strike situation took a new turn late today, when representatives of four business organizations called upon Mayor Burth, demanding that disorders attending upon the strike be put down, and then waited upon the management of the street railway, demanding of it that it fulfill its duty to the general public by making a more determined effort to operate its lines.

During the day but a dozen or so cars were put out. Each had some half a dozen policemen as a guard, but despite this, numerous blockades and attacks by mobs followed.

So ugly was the situation that a guard has been placed in the army, where the First Regiment's arms are stored. What the answer of the street railway to the business interests will be can be conjectured only, but the gathering of strike breakers from various cities continues, and this, it is believed, will be its reply. To-day brought, in addition to disorders, a proclamation from the mayor appealing for the stopping of disorders and a charge by Judge Evans to a Federal grand jury to look into any attempt to hold up mail cars.

Capt. Daring Goes to the North Pole and Says: Vidi, Vidi, Viol.

Special to The Washington Herald.

Milwaukee, Wis., March 12.—The north pole has been discovered. Capt. Daring, the intrepid Milwaukee explorer, who some time ago announced that he proposed building an airship which was to carry him to the coveted spot, is said to have reached the northernmost point on Sunday, returning to British Columbia the next day.

The following dispatch was sent to a local paper to-day:

"Veni, vidi, vici, 90 degrees, ascended ten miles north of Montreal, Thursday, March 7, 9 a. m. Reached 90 degrees, or the pole, 1:15 a. m. Sunday, March 10, 1907. Planted American flag on left record; remained at pole 1 hour and 15 minutes. Time consumed in going to the pole, 67 hours and 15 minutes; return time, 45 hours and 7 minutes. Solid ice field at pole. Will send particulars at earliest convenience. Am coming on to Milwaukee in balloon to-morrow if wind is favorable."

MISS SHONTS NOT ENGAGED

French Duke Declares He Never Said He Was Fiancee.

States He Is Chagrined at Implication He Had Made Announcement.

New York, March 12.—"Any report that I am engaged to Miss Theodosia Shonts, daughter of Theodore P. Shonts, or that I announced my engagement to her in Paris several weeks ago, is absolutely without foundation. The publicity given to the alleged statement has been very embarrassing to me since I have been in the United States, and I want to correct any such false impression."

This statement, made by the Duc de Chaulnes et de Piquigny, of Paris, who arrived here on the La Savole, and who has been at the Hoffman House since Sunday, is the first authorized denial given out by the duke of his rumored engagement. It was given out after a prolonged consultation with Baron d'Agier, his traveling companion, and an English friend whom he met on the La Savole.

"The report that I announced my own engagement," the duke continued, "is a mere invention. The idea of announcing my own engagement is too ridiculous to be taken seriously. It is an insult to the nobility of France. The fundamental rules of etiquette forbid a man from announcing his engagement, even though a perfect understanding exists between the contracting parties.

GAS EXPLOSION FATAL.

Mrs. Linda Lucas Dies of Burns.

Four Others Hurt.

Cumberland, Md., March 12.—Mrs. Linda Lucas, aged forty-five years, was fatally burned, and John Lucas, her husband, and Minnie, Bertie, and Nellie Lucas were seriously burned in an explosion of natural gas at Grafton, W. Va., early yesterday morning. Mrs. Lucas died seven hours after the explosion of burns. The house was completely consumed by the fire, which resulted. Mrs. Lucas had arisen before daybreak and sought to light the gas. As soon as she struck the match there was a terrific explosion.

REDICULES WEIGHING OF SOULS

London Physician Says Such Story Is Nonsense.

London, March 12.—Sir William Brooks says that the story from America about the weight of souls, as cabled to London yesterday, is absolute nonsense. Dr. C. W. Salisbury to-day said:

"It is a new and most incredible version of materialism. The experiments are doubtless worthless, as the facts, if valued, are irrelevant. Mind is no kind of matter."

KISS ELIJAH'S ROBE; HOPE TO BE HEALED

Lame, Halt, and Blind Look for Zion Miracles.

VIEW DOWIE'S CORPSE

Pilgrims Come on Crutches and Children in Parents' Arms.

Emaciated Body Lies in State in Glistening White Coffin—"Ascension Robe" Is Gorgeous—Visitors Arriving on Every Train and Throng Is Expected To-day—The Prophet's Son and Voliva Clash.

Chicago, March 12.—A tall, grim clock tolled the hour of 1 this afternoon in Dowie's death chamber in Shulton House, and the door was opened one of the strangest throngs ever seen in Zion City. Scores of pilgrims—lame, halt, and blind—came to touch the garment of the dead Elijah to be cured of their ills.

They came on crutches and in armchairs. Sick children were carried in the arms of their weeping mothers.

The word has gone forth that he who touches the gorgeous "ascension" robes of the "prophet" will be cured by a miracle. Those that wearily made their way to the glistening white coffin were the vanguard of a promised great pilgrimage to Zion by scores of invalid believers before his emaciated corpse is laid beneath the frozen earth of Lake Mount Cemetery.

Seek Rem of Garment.

The poor, sunken body of him who was once Zion's iron-willed autocrat was draped in the silk and satin robes which were made for him when he proclaimed himself "Elijah III." The hem of this garment is sought by all the sufferers. Some endeavored to kiss the glistening cloth, others were content to press it between their trembling fingers.

The sufferers, praying always, and occasionally giving vent to a murmured "Peace to thee," gazed with adoration and hope at the cavernous face with its closed eyes, the venerable silky beard giving it the aspect of a Biblical patriarch.

The procession continued until 3 o'clock, when the doors were closed. Most of those who viewed the body were in tears. Many known supporters of Voliva were among the mourners.

Procession Expected To-day.

Even a greater procession is expected to-morrow, when the line of pilgrims will be longer, it is predicted.

New troubles beset Zion City to-day, when an open rupture took place between General Overseer Voliva and Gladstone Dowie over the approaching funeral of the latter's father and the founder of the faith.

In consequence, Gladstone Dowie renounced the teachings of the religion of his father and defied Voliva to take part in the funeral. Voliva has announced his intention of participating in the exercises.

LA FOLLETTE AVOIDS FIGHT.

Claim Made He Will Take No Part in Senatorial Race.

Special to The Washington Herald.

Madison, Wis., March 12.—At the senate session this afternoon Senator Smith introduced a joint resolution providing that the legislature proceed to the election of a United States Senator at 10 o'clock March 19. Action on the resolution will probably be taken by the legislature to-morrow.

Should much opposition develop to the holding of an immediate election, it is possible that Senator Spooner may be asked to make his resignation go into effect before May 1, as it is said he has expressed a willingness to do.

Indications are that Senator La Follette will take no hand in the contest, and this has led to the interesting conclusion in the minds of many that he is planning a large game and will seek to avoid entanglements in the present situation, so as to have a stronger State support as a Presidential candidate next year.

Any positive action by him now might lead to bitterness, and it is more important to his ambitions to have the united support of the State behind him at the Presidential convention than to have an acceptable colleague in the United States Senate.

STEVENS COMPANY QUILTS.

Contractor's Panama Constructing Concern Certifies Discontinuance.

Albany, March 12.—The Panama Construction Company, which was formed in this State about a month ago by W. J. Oliver, the contractor, and his financial backers, State Superintendent Stevens, of the department of public works, for the purpose of financing the work of constructing the Panama Canal under the Oliver contract, certifies the discontinuance of activity by filing to-day with the secretary of state a certificate reducing its capital stock from \$5,000,000 to \$100,000.

VICTOR'S LIFE THREATENED.

Anarchist Said to Be En Route to Italy to Kill King.

New York, March 11.—Following close upon the report from Naples that an anarchist said his wife from Roseto, Pa., to assassinate the King of Italy, secret agents of the Italian government to-day got busy watching the anarchist strongholds in the United States, endeavoring to run down the gang.

While the identity of the would-be assassin is not known, the Italian agents are said to have a good description of the man, and are upon his trail. They believe that they will be able to frustrate the attempted assassination and capture the anarchist.

Labor Troubles Settled.

Butte, Mont., March 12.—All the laboring troubles except some matters with a few minor unions have been settled for five years from April 1.

HILL READY TO SELL ROAD.

Declares He Is Willing Government Should Get Northern Pacific.

Special to The Washington Herald.

Minneapolis, Minn., March 12.—President James J. Hill, of the Great Northern Railway Company, stated in unequalled terms before the Sundberg legislative committee this morning that he would be glad to have the United States government take over his line. He stated further that if the government should go into the railroad business it would be nothing short of a lottery, and that the country would, as a matter of fact, have an "elephant" on its hands. "Then," said he, "the government would be obliged to engage in another lottery to get rid of the elephant."

"Why do you say that?" asked Attorney James Mahan for the committee which is trying to ascertain the cost of railroads in the State.

"I make that assertion because it is so," said Mr. Hill. "If the government had charge of the railroads in this country Congress would be kept busy making appropriations night and day, and disbursements would be made in such a way that the population would be left in the lurch. This would mean that the districts in question would go to seed as far as railroads are concerned, and railroads themselves would get rusty, figuratively speaking."

WILL KEEP PROMISE

San Francisco School Board to Take Action To-day.

San Francisco, March 12.—Yesterday the board of education declared flatly that it would not take any action to admit Japanese into San Francisco public schools until the President had "made good" with his coole exclusion measure.

OLD ORDER TO BE MODIFIED

Mayor Schmitz Wires President of Action Authorities Will Take To-day Concerning Admission of Japanese to Public Schools—President Replies—Expect Adjustment.

San Francisco, March 12.—Yesterday the board of education declared flatly that it would not take any action to admit Japanese into San Francisco public schools until the President had "made good" with his coole exclusion measure.

To-day, however, the board had a change of heart, while admitting that its action is in direct violation of the State law, and at an adjourned meeting to-morrow will pass a resolution modifying the one of last September which prohibited the admission of Japanese to primary schools.

Mayor Schmitz this afternoon sent the following message to President Roosevelt:

"At a regular meeting of the board of education to-morrow, resolutions agreed upon will be adopted. Would suggest that of dismissal of suit by you some day. Will live up to spirit and letter of agreement. (Signed.) 'EUGENE SCHMITZ,' Mayor."

The President responded as follows:

"I thank you and congratulate the people of the United States, and especially the people of California, on the outcome. I have directed dismissal of the suit to take place immediately upon the adoption of the resolution by the board of education, as you request."

JESSE GRANT'S BOOM AFLOAT

Democrats Favorable to Hearst Plan to Head Off Bryan.

Would Make Son of Great General Their Leader in the Next Presidential Campaign.

New York, March 12.—The very latest feature in Democratic national politics is the work which is now being put in to bring about the nomination for President next year of Jesse R. Grant, youngest son of President Grant. Jesse Grant, it was learned to-night on the highest authority, has been in town for the last month and has had a number of secret conferences with Roger C. Sullivan, Democratic national committeeman for Illinois, and Charles A. Walsh, who has just resigned the place of secretary to the Democratic national committee. Mr. Walsh is from Iowa, and is a strong Hearst man. It was made known to-night that Charles F. Murphy, of Tammany, has discussed the Grant boom with those who are interested in it. The Democrats who told of the work that Mr. Sullivan and Mr. Walsh are putting in for Grant said that for several weeks Democrats from nearly all the States had met secretly in New York City and planned a campaign in nearly all the States for delegates to the Democratic national convention for Jesse Grant.

Several of the Democrats who spoke about the matter to-night said that the Grant boom, or rather the work that has been put in to bring about one, was hostile to William J. Bryan. In fact, those who told about the work for Grant said that it was being engineered by Democrats friendly to William R. Hearst.

JOHNSON BRYAN'S LEADER.

Cleveland Mayor Will Be Presidential Campaign Boss.

Cleveland, March 12.—William J. Bryan will make the race for the Presidency in 1908 under the personal direction of Mayor Tom L. Johnson, of this city, according to the announcement printed to-day in the mayor's official political organ. Johnson will be the sole boss, and his word will be supreme, for he will have charge of the organization and the soliciting and distribution of funds.

The announcement further states that Bryan believes that Johnson embodies those qualities which made the late Senator Marcus A. Hanna such a power in the political world, namely, financial and executive ability, power of organization, and a winning personality.

HUGE SUM STILL MISSING.

Expert Counters Find No Trace of \$175,000 in Chicago.

Chicago, March 12.—Counters sent from Washington to-day completed the sorting of \$2,000,000 of treasury funds in the Federal Building, in this city, in the endeavor to find the \$175,000 missing from the coffer of Assenting Teller Fitzgerald.

Assistant United States Treasurer Bantz declared this afternoon that while he had no official knowledge that the money was missing, and could make no report to Washington until the count was completed, he was personally convinced that the money had been found short when the count was finished.

It was said to-night that Assenting Teller Fitzgerald would probably not be freed from suspense until after the count had been completed and Mr. Bantz had made his report to the government.

THREATENS TO CALL JAPANESE.

Cuban Negro Inveighs Against Letting Foreigners Vote.

Havana, March 12.—The Liberals are incensed against the idea of foreigners being allowed to vote in municipal elections. They claim that the city would revive the bitterness between the Cubans and Spaniards. The matter has been temporarily shelved by the electoral commission, which has recommended the taking of general census in order that proper electoral lists may be drawn up. A plan for this has been laid before Gov. Magoon in order that the taking of the census may be commenced without delay. The work will take a long time.

Estenose, a negro leader, is quoted as saying in Santiago that the Liberals would not exercise the right to vote even if it were granted them.

Nebraska Man Fears Detection for Claiming Patents.

Omaha, Neb., March 12.—An extraordinary suit in the District Court is one entered by William A. Sumner, of Clay Center, Neb., versus himself, proprietor of the Sure Hatch incubator company. Sumner is the head of a corporation engaged in selling certain patented contrivances intended for artificial hatching of fowls.

Not long since he put a "patented" stamp on 321 articles which as a matter of fact were unpatented. Fearing the consequences that might accrue from detection, Sumner has entered suit against himself for \$52,000.

CHICAGO REPUBLICANS LEAD.

Big Victory Secured as Shown by Registration Figures.

Chicago, March 12.—The Republicans won a big victory in today's registration battle. The total registration reached the new high record mark of 435,305, of which 73,851 names were added to-day.

Notwithstanding the new record for total voters in Chicago, every Democratic ward in the city but three shows a loss over the total registration of 1905, which was the high mark up to to-day, and every Republican ward in the city shows a big increase over the total of 1905.

The total made by yesterday's registration is 73,851 greater than that total registration of last October, and 7,239 greater than the total figures of 1905.

ANNA GOULD WILL NOT PAY

Declares Lawyers' Bill for Getting Divorce Too High.

Turns It Over to Brother George.

Charge Is \$175,000, Made by Edmond Kelly.

New York, March 12.—Miss Anna Gould, 41, who now has a bill of divorce filed against her, has turned the bill over to her brother, George J. Gould, who is trustee of her estate, and the latter declared in forcible English that he won't pay any such excessive sum.

Mr. Gould in turn sent the bill to the firm of Coudert Brothers, who represent the Gould interests in France, and Lorenzo Semple, a member of the firm, is to try to get the expensive Paris lawyer to shelve down his bill.

George S. Clay, who is associated with Judge Dillon in the Western Union Building, speaking for the Gould family to-day said that it was untrue that Judge Dillon had gone to Europe in connection with any case concerning the Goulds, Mr. Clay added.

"Judge Dillon is on a trip to Egypt for his health. He left here February 8, I think it was, and the members of his family accompanied him. As to the statement that a Mr. Kelly had rendered a bill for \$150,000 in the Castellane case, I must decline to discuss any subject affecting our clients."

"But is the statement untrue?"

"I have nothing to say."

Mr. Semple, of Coudert Bros., said:

"It would be unfair to the Gould family to make any statement as to Mr. Kelly's bill in the Castellane case. I refuse to talk about the matter."

"Did Mr. Kelly render a bill for \$150,000 for his services in the Castellane divorce proceedings?"

"Nothing to say," was Mr. Semple's reply.

Mr. Kelly was formerly connected with the firm of Coudert Bros., and lived in this city for many years. He was a prominent member of the Reform Club while a resident here. He went to Paris as the representative of the Coudert Bros., and after three years' stay in the French capital, returned to Manhattan. He was here a few years, practicing law on his own account, and then went to Paris, where he has been very successful in his work before the French tribunals of justice.

An effort to see Mr. Gould was met by the information that he was not in the city and would not be at his office to-day.

STORK'S LETTER ANSWERED.

Park Board Official Replies to Epistle from Little Girl.

New York, March 12.—When Secretary Loughman, of the park board, opened his letters to-day he found this, addressed in a childish handwriting to "Mr. Stork," Central Park, New York City:

23 Fingert Avenue, Detroit, Mich.

Dear Mr. Stork: Please bring Stevens a baby for a while. Do you bring the clothes too? Yours truly, FRANCES TEVENS.

P. S.—I like you, Mr. Stork.

Mr. Loughman answered the letter as follows:

Dear Little Friend: We are all out of babies at the present time. We expect a new lot soon, and will not forget you. You will have to furnish the clothes yourself. Yours, very truly, WALTER LOUGHMAN, Secretary of the Park Board.
